

PRESS RELEASE

FOR IMMEDIATE RELEASE

Wexford, Ireland - A new photographic group has launched in Wexford, called Wexford Photographic Group, which aims to provide both new and experienced photographers with opportunities to develop their skills in a non-competitive and supportive environment. The group welcomes photographers of all levels and interests to come together to learn, share, and grow in their craft.

Wexford Photographic Group offers a welcoming and supportive community where members can connect with fellow photographers, share their work, and receive feedback and constructive criticism to improve their skills. The group also offers regular workshops and events focused on different aspects of photography, such as camera settings, composition, lighting, and post-processing.

In addition to workshops and events, Wexford Photographic Group plans to host regular photo walks and outings to give members the opportunity to practice their skills in different settings and environments. The group also offers its services free to Wexford-based charitable organisations who require event, fund-raising, or publicity photos.

Membership of Wexford Photographic Group is open to all photographers, regardless of their experience level or the type of camera they use. The group meets regularly, both online and in-person, and welcomes new members at any time.

To learn more about Wexford Photographic Group and to become a member, visit <https://wexphoto.net> or follow The Wexford Photographic Group on Instagram and Facebook or Flickr.
